BERTL's BEST

Best Small Workgroup Monochrome Printer

Xerox
WorkCentre® 3220

- Prints on custom sizes and wide range of media, from cardstock, envelopes and postcards

- 1200 dpi allows you to print important jobs from a small desktop printer

- Features normally found on a more expensive devices such as automatic two-sided printing and first-page-out time less than 9 seconds makes this small footprint a powerhouse

- Optional second tray provides a total capacity of 500 sheets which allows larger jobs to be completed from a desktop

- Toner Saver feature increases the toner yield when printing documents in draft mode
